

# STONEHAGE FLEMING GLOBAL BEST IDEAS EQUITY FUND

OUR FOUR  
FUNDAMENTAL  
QUALITY PILLARS -  
IDENTIFYING  
GLOBAL BEST IN  
CLASS BUSINESSES

## INVESTMENT OBJECTIVE

To achieve long-term growth in capital and income in a focused portfolio of high quality listed businesses from around the world.

## INVESTMENT PHILOSOPHY

We invest in best in class businesses for their quality, strategic competitive edge and value.

## FUND COMMENTARY

The combination of US interest rates rising close to a 16 year high and the usual summer holiday market lull, saw world equity markets drift lower in August. The fact that the yield curve<sup>1</sup> steepened (marginally) over the month is a testimony that economic fundamentals are not of material concern.

The US reporting season completed halfway through August. Whilst overall S&P 500 Index revenues grew only marginally, earnings dropped -6%. This weak earnings result is attributed to the Energy, Materials and Health Care sectors, with all other sectors experiencing positive earnings growth. Along with the overall earnings being 7% ahead of expectations, investors can look back on a rather constructive earnings season.

Artificial Intelligence (AI) remained a prominent theme throughout the month. Investors become more and more aware of how quickly some businesses have already embraced the technology and to what extent AI-related product and service providers (e.g. computing and cloud services, conductor products, AI adopters, etc.) are already experiencing booming demand. Many investors have been caught unprepared for numerous excellent investment opportunities in this context.

Our holdings in Alphabet, Cadence Design Systems, ASML and Microsoft all benefit directly from this thriving technology, with others (like Adobe and Verisk) already utilising AI very effectively. Our portfolio is well exposed to this technology in a profitable but a relatively low risk manner.

We have trimmed some positions and introduced a new name in the portfolio, that we are still building up to our target weight. It has a highly cash generative business model.

The best contributors to performance over August were Alphabet, Verisk and Visa, with LVMH, ASML and EssilorLuxottica the largest detractors.

The Fund may hold a relatively small number of stocks as compared to many other funds. **FUND RATINGS<sup>1</sup>**

STONEHAGE FLEMING  
**GLOBAL BEST IDEAS EQUITY FUND**

**OUTCOME OF FAIR VALUE ASSESSMENTS (2023)**

Our assessment confirms:

- The fund meets the needs of the target market.
- The intended distribution strategy remains appropriate.
- The fund provides fair value to customers.

**INVESTOR PROFILE**

The fund is appropriate for all investor types, including those with only a basic knowledge of funds. It is compatible with investors who do not need a capital guarantee (investors must be prepared to accept fluctuations in the value of capital, including the ability to bear 100% capital loss) and are seeking capital growth. Due to the volatility of markets, investors should be willing to accept price fluctuations in exchange for the opportunity of potentially higher returns. This is a long term investment and investors should have an investment time horizon of at least 5 years. The recommended holding period does not provide any guarantee that the objective will be achieved. This product is eligible for all distribution channels (e.g. investment advice, portfolio management, non-advised sales and pure execution services).

The fund is unlikely to be appropriate for those who:

- Are looking for full capital protection or full repayment of the amount invested, and those who want a guaranteed return
- Have no risk tolerance
- Who are unwilling to accept price fluctuations (volatility) in the value of the fund
- Do not intend to invest for the long term
