During the course of the year, our staff record their time for the Agreed Services which are set out in the scope of work agreed for the entity(s). This is either charged on a time spent basis or under a fixed fee, the latter does not include Transactional and Other Activities (out of scope work) which are charged separately on a time spent basis. Time charges will vary depending on the expertise of the staff member and on the urgency and complexity of the transaction. The scale of average fee rates is available on request.

Charges for Automated Posting of Transactions (APT), Automatically Processed Minutes (APM) and Automatically Processed Forms (APF)

In addition to fixed annual charges, charges apply for the automated posting of transactions (APT), Automatically Processed Minutes (APM) and Automatically Processed Forms (APF). These charges vary depending upon the nature of activity. APT charges range from GBP3.50 / CHF4.50 to GBP15 / CHF17 per transaction, APM charges are GBP72 / CHF80 per transaction (with an extra charge of GBP5 / CHF6 if minutes / resolutions are signed using DocuSign) and APF charges are GBP12 / CHF15 per transaction. All APT, APM and APF charges are converted to the billing currency of the entity at the most relevant foreign currency rate and added to the time charge invoices for the relevant period.

D Where the shareholder of the company is an individual or a shareholder which is not a Stonehage Fleming administered entity, the minimum fee is GBP4,000.

E Please be aware that when we are striking off a BVI company there are potentially additional disclosures which need to be adhered to at the BVI registry and therefore we must consult with the relevant registered agent to ensure that the costs associated with this are considered.

F A full list of current banking or custodial relationships are considered core banking/custodial relationships and do not incur the annual non-core banking fee is available on the hub/family office and the Stonehage Fleming website.

G The direct investment administration fee is a fee that only applies to such private capital, or direct investments held without a custodian in place. This is based on the market value of the relevant assets which are not held via a custodian and do not include unlisted limited liability companies.

For 2025, a fee of 20 bps for all relevant assets which are designated as directly held private capital investments, with a minimum fee per annum is GBP500 and the maximum fee per annum is GBP 50,000.
